EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering (Cloud Computing & Virtualization)

University of Petroleum and Energy Studies, Dehradun

2024 – 2028 (Pursuing)

Class XII (CBSE) – 76.2% | 2024

Class X (CBSE) – 89.0% | 2022

TECHNICAL SKILLS

Programming Languages: C, Python, Java

Web Technologies: HTML, CSS (Basic)

Core Concepts: Data Structures & Algorithms (Basic), Problem Solving, Object-Oriented Programming (OOP)

AI/CS Concepts: RAG Systems, LLM Basics, Embeddings, Prompt Engineering Basics

Tools & Platforms: Git, GitHub, VS Code, Jupyter Notebook

PROJECTS

Portfolio Website | HTML, CSS

- Basic frontend project under development and preparation for deployment using GitHub Pages / Netlify

AI Chatbot using Gemini API

- Built a simple AI chatbot integrating Gemini API (learning-based project)

Java To-Do App

- Developed a basic task management application using Java

Python Calculator

- Created a functional calculator using Python fundamentals

RAG Chatbot (Learning Project)

- Exploring retrieval-based AI architecture and foundational LLM system design
-

EXPERIENCE

Samarth Intern – NEETIQ (2026 – Present)

- Engaged in structured internship learning modules
- Working on AI/technology-related guided tasks and problem-solving activities
- Developing consistency, technical understanding, and professional discipline

Social Intern – Saarthi Hum Foundation (2025)

- Participated in awareness and outreach activities
 - Assisted in event coordination and volunteer collaboration
 - Developed communication, teamwork, and organizational skills
-

ACHIEVEMENTS & ACTIVITIES

- Participated in Code Crusade Coding Quiz (Certificate of Participation)
 - Consistent academic performance with strong interest in Computer Science
 - Actively learning Artificial Intelligence, Web Development, and System Design fundamentals
 - Practicing Data Structures, Problem Solving, and logical reasoning regularly
 - Self-driven exploration of modern programming tools and technologies
-

INTERESTS

- Artificial Intelligence & Machine Learning
 - Cloud Computing & Virtualization Technologies (CCVT)
 - Web Development (Frontend fundamentals and responsive design)
 - System Design Basics and scalable application concepts
 - Data Structures, Problem Solving & Programming Fundamentals
-

LANGUAGES

- English
- Hindi
